# STRENGTHENING

## Human Resources for Health

- Didactic Training on NCDs
  - On-site mentorship on screening and management.
  - Decision support tools
  - Support Supervision
  - Offered tele-consultations
- 
- A group of healthcare professionals, including men and women in white coats, are gathered around a table covered with a blue cloth. They are looking at a device on the table, possibly a stethoscope or a small medical instrument. In the background, there is a blue oxygen tank and other medical equipment. The setting appears to be a training or mentorship session in a clinical or hospital environment.

# **STRENGTHENING**

## **Health Information Systems**

- **Distributed Data Collection and Reporting Tools.**
